The falcons baseball team has worked to a 5-1 record this season, and don't plan on slowing down anytime soon.

"If the team keeps playing

how they are, they should be heading to bi-districts," said head coach Mark Ripley.

The Falcons have two games each against Camas, Mountain View, and Hudsons Bay in upcoming weeks and if they win half of those games or more

than bi-districts will be almost a guarantee.

The Falcons offense is led by strong pitching from Forest Krant and Chad Michaud, tied with great hitting from Jake Ripley, Ansel Cecil, and Jeff Tanner. Along with the strong

hitting, key defensive players, Jake Intermill and Ripley, have been keeping the opposing teams to only a few runs.

The next game will be today vs. the Union Titans at Prairie High School
