This spring season, so far, the Prairie boys' soccer team holds a 1-4 record, but continue to improve each game.

"This year has been a struggle for us as a team. We lost about eight seniors from last year and that had a big effect on us," said team captain Igor Shapoval.

The game they did win was against Camas with a score of 2-0. Camas is supposedly the

best in the league, making them Prairie's toughest competition, but they managed to get a win.

"Everybody works really hard in training and not seeing a good record is discouraging," said Shapoval.

The boys plan to continue to work hard in each practice, with high hopes of success in the future.

The Falcons have a game tonight against Hudson's Bay. This game will determine a birth at district playoffs.
