

## Prairie High School Parking Lot Changes

Following the Winter Break, beginning Monday, January 4, 2010 our parking lot will be significantly different. Our need to make changes is due in part by the construction and development of 117th Ave (Rt 503) and 119th St. The changes to our parking lot are temporary and will last through the end of this school year. More changes will occur over the summer. Please review the main points in this flyer to help with this transition. Thank you for your patience.

There is a map on the backside of these instructions with the visual of the traffic flow and revisions to the parking lot. For questions or concerns please contact PHS at 885-5000.

To make the flow and transition as smooth as possible please note the following.

- There will be a median placed in the center of 117th Ave (Rt 503) which will cause a “right in” and “right out” only.
- North bound traffic will exit at the light on 119th St.
- South bound traffic may exit out 119th St. light or south on to 117th Ave (Rt 503).
- The main entrance of PHS will be off of 119th Street at the new light.
- North gym parking lot is for buses only during school hours.
- Bus parking will be a tow zone—vehicles left overnight will be subject to tow at the owners expense.
- The current student parking spaces in the north gym area will be moved to the east parking section.
- There will be a drop of zone and pick up area for parents designated by signs. This will be a NO Parking Zone.
- Cars, parent drop offs and visitors are separated from the buses.
- Please follow new signs regarding drop off zones and directions of the flow of traffic.
- Please do not block driveway to the preschool in front of 400 building.
- Staff and visitor parking will only change slightly.
